SUMMARY

Bachelor of Economics graduate with experience in marketing. A great interest in challenges and the world of technology drove me to study web development. Successfully completed a full-stack web developer program at Eduwork as well as various other online courses, with a strong focus and interest in backend development. Enthusiastic to integrate business background and full-stack technical expertise, especially backend expertise, in making a real contribution to your company.

WORK EXPERIENCE

Upload-Image (MERN)

Desember 2024

A fullstack web platform that allows users to easily manage their images. The app uses the latest technologies such as Node.js, MySQL, and React.js to provide a seamless user experience in uploading, editing, and sharing images."
